SOLDIERS' MEMORIAL IS CONSIDERED

Committee Would Like to Know Sentiment of the People. Bronze Tablets Suggested.

Hon. J. F. Mermoud of Monett, C. C. Fawver of Seligman and C. C. Chandler of this city, members of the committee appointed some time ago to decide upon a suitable memorial have charge of the campaign for raising funds for the memorial of the Barry county soldiers and sailors of the world war, met in Cassville Tuesday afternoon for the consideration of the proposition.

The members of the committee present organized by the election of C. C. Chandler chairman and E. N. Meador was elected secretary of the committee.

The committee now has under consideration a Bronze Memorial tablet to be mounted in a suitable place in the corridors of the courthouse as a suitable commemoration to the Barry county boys.

Similar tablets are being put up in many different sections of the country as appropriate memorials. The one suggested for Barry county would be in three sections. A center section 4x3 feet containing in gold engrossed letters the names of those boys who made the supreme sacrifice. This section would also be ornamented by National emblems. There would be also a right and a left wing section 4x5 feet, or of sufficient width to contain the names of every Barry county boy who served in the world war. The estimated cost of this memorial would be about \$1,500.

The committee would be pleased to know what the people of the county think about this suggestion.—Cassville Republican.

KANSAS FORECASTS BIG WHEAT CROP

Topeka, June 11.—J. C. Mohler, secretary of agriculture, is still betting on Kansas wheat in spite of persistent rains.

Reports covering the territory about Topeka, Lawrence and Ottawa and west of Hutchinson, indicate wheat is recovering rapidly. As the bottom land forms less than a tenth of wheat areas, Mohler is still optimistic.

The state weather bureau is sending out flood warnings to Salina, Abilene and Camp Funston. The Kaw here is rising at the rate of one-half foot per hour. Rain reported 2.08 inches at Salina; 1.72 Ft. Scott, and 1.16 at Wheaton. The upper Solomon is four feet over the bank at Beloit. The Republican is bank full.
